You can request multiple types of samples by clicking the sample request button on the collection page after login.

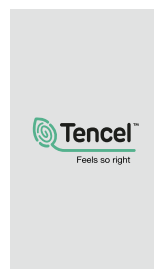

### #3. Complete

After the sample requests or inquiries is completed, our professional staff will guide you as quickly and accurately as possible. Sign up now.

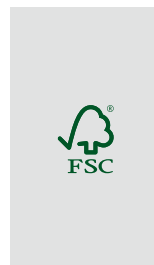

It's sustainability : Rapidly renewable, biodegradable, recyclable, and can be produced organically.

TENCEL™ is brand name of LENZING™ Cellulose and Modal fiber. It helps to maintain the environmental balance by being integrated into nature's cycle.

Bemberg is made from the smart-tech transformation of cotton linter bioutility waste. Biodegradable and compostable fibers and then decomposed naturally.

FSC identifies responsible viscose, complying with environmental, social and economic standards by forest stewardship council.

## SUSTAINABLE, RESPONSIBLE HOHAE

### WOOLMARK

Batch Code 773028022

PURE NEW WOOL

WOOL RICH BLEND

WOOL BLEND  
PERFORMANCE

Natural, Renewable and Biodegradable

Wool is natural, renewable and biodegradable. It is nature and circular fiber.

Woolmark is Greening Australia by training farmers.

Its logo is divided as 100% PURE NEW WOOL, 50% WOOL RICH BLEND  
and 30% WOOL BLEND PERFORMANCE

### RWS

Scope Certificate Number CUC-889589

The Responsible Wool Standard (RWS) provides an opportunity for farmers  
to demonstrate their best practices to the public,  
and a means for brands and consumers to have the certainty that  
the wool products they buy and sell are in line with their values.  
RWS wool is mulesing free.
